

Care Robot 2026

International Conference & Exhibition on Care Robots

November 25–27, 2026 | Yonsei Severance Building, Seoul, Korea

Organizing Chair

Kyunghwan Kim (Chairman, KCCR)

Honorary Advisor

Seungho Kim (Advisor, KCCR)

Organizing Committee

Yeongeol Bae (AbleAI)

You Me Han (Hoseo University)

*Minsu Jang (Electronics and
Telecommunications Research
Institute)*

*Duk-Young Jung (Kyung Hee
University)*

Jongbae Kim (Yonsei University)

Seung-Jong Kim (Korea University)

*Seung-Won Kim (Seoul National
University of Science & Technology)*

*Sung-Soo Kim (Chungnam
National University)*

*Jeong-Whan Lee (Konkook
University)*

*Youngran Lee (Korean Nurses
Association)*

*Yong Soon Shin (Hanyang
University)*

*Wookho Son (Electronics and
Telecommunications Research
Institute)*

Industry Committee

Seongmin Bak (WHA A.I.)

Inock Lee (Ninety System)

Junyoung Lee (NOVITEC)

Hoonsang Lee (CURACO)

Free Bionics, Taiwan

Wacoh Tech, Japan

Woodway Inc., USA

To be updated

The Korea Cooperative of Care Robots(KCCR) is hosting the International Care Robot Conference & Exhibition to share the latest research achievements and technological trends in the care robotics sector—a key technology for aged societies. The main event, featuring presentations and exhibitions, will be held on November 26, while industrial tours and B2B meetings are scheduled for November 25 and 27.

Main Topics

Physical Care

- Mobility & Transfer Assistance
- Wearable Power Assist Devices & Exoskeletons
- Feeding & Domestic Care Support
- Bathing & Toileting Care Assistance
- Pressure Sore Prevention & Postural Repositioning
- Smart Monitoring & Remote Care Systems
- Upper & Lower Limb Rehabilitation Robots
- Occupational Therapy Robots
- Safety, Ethics, and Certification for Care Robots

Mental, Cognitive Care & AI

- Social & Emotional Support Companion Robots
- Cognitive Rehabilitation Robotics for MCI & Dementia Care
- AI-Based Care Robots & Personalised Care Systems
- Social Robots & Human-Robot Interaction (HRI)
- Pediatric Care Robotics & Developmental Disability Support
- Nursing Support & IoT-Based Care Systems
- Autonomous Driving Robots for Hospitals & Care Facilities
- Fall Prevention & Emergency Response Systems
- Caregiver Support & Care Burden Reduction

Submissions are not limited to the topics listed above; innovative presentations and exhibits related to care robotics are highly welcome.

Submission Formats

Select between Paper(up to 4 pages) or Poster(1 page)

Submission & Registration

Template Download: Scan the QR code to download the template.

Submission: Email your paper or poster to kccrobot@gmail.com

Registration Website: Coming soon at www.kccrobot.com/CareRobot2026

Important Dates

Submission Deadline: October 12

Acceptance Notification: October 26

Early-bird Registration: October 31

Registration Fee & Payment

Bank Transfer: Suhyup Bank 1010-2814-7562 (Account Holder: KCCR)

Credit Card: Coming soon at www.kccrobot.com

	Regular Attendee	KCCR Members
Early-bird Registration	KRW 100,000 (USD 100)	KRW 50,000
On-site Registration	KRW 200,000 (\$200)	KRW 100,000
Student / Retiree	KRW 50,000 (\$50)	
Exhibition Booth	KRW 1,000,000 (2 free registrations included)	KRW 500,000 (2 free registrations included)

For any inquiries, please contact the Care Robot 2026 at kccrobot@gmail.com.
